

**Weather-resistant
Stable tubular frame
Transparent design**

InBetween safer together
Outdoor Panel

Due to Coronavirus, our health and wellbeing is very much at the forefront of our daily lives. We realise that we must remain alert in minimising the risk of contamination for our guests, our colleagues and ourselves.

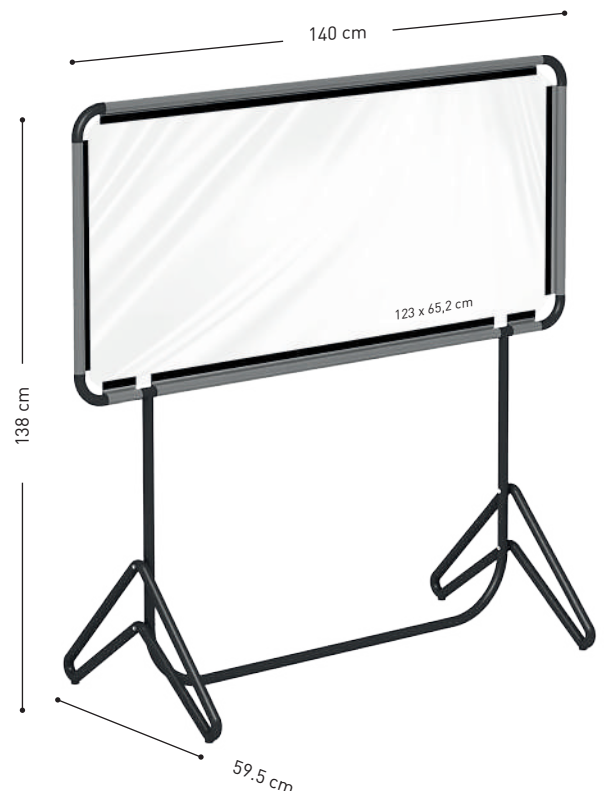

InBetween Outdoor Panel is a stable movable partition wall suitable for outdoor use that offers your guests extra comfort and security.

InBetween Outdoor Panel is characterized by its thoughtful transparent design. It is a weather-resistant partition consisting of a coated tubular frame with a large transparent window.

InBetween Outdoor Panel is extremely transparent, allowing your guests to enjoy the view and atmosphere of your terrace.

InBetween Outdoor Panel is easy to assemble and can be used flexibly in any set up on the terrace.

InBetween Outdoor Panel for extra resistance to the wind, the Outdoor Panel comes with 2 fillable bags.
